**Trainees for Trainees Symposium
organised by the ESA Trainee Network (ESA TN)**

S ESASD
ROOM V
16:00 - 17:30

Chair: Daniela Filipescu (Bucharest, Romania)

Challenges in perioperative care of high risk surgical patients

- Bernardo Bollen Pinto (Geneva, Switzerland)

Pulse contour continuous cardiac output, vigilio and company!

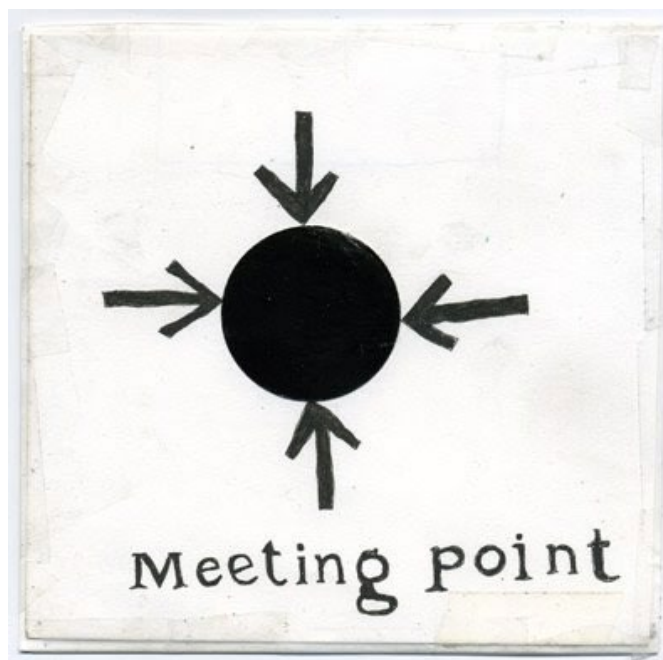

Or can I just also have a look on the patient and use other parameters?

- Steve-Oliver Müller-Muttonen (Klagenfurt, Austria)

The values of focused assessment transthoracic echo in the emergency setting

- Benjamin Greatorex (Bristol, United Kingdom)

The ESA Trainee Committee developed this session so that prominent European trainees can transfer their knowledge to other trainees

The ESA Trainee Network Booth on the ESA stand is the meeting point for Trainees during EA 2017.

The ESATN Booth is the symbol of international networking and integration of trainees in the anaesthesia community.

Throughout EA 2017 trainees will have the opportunity to network with each other and get to know more about the ESA Trainee Network and our step up.
